DEFENDANT

# 1. INTRODUCTION

Our country has a longstanding tradition of forceful political advocacy regarding widespread allegations of fraud and irregularities in a long list of Presidential elections throughout our history, therefore, President Trump lacked fair notice that his advocacy in the instance of any actions he has not allowed the plaintiff to be involved in to speak about. President Trump, like all citizens, is entitled to have a fair warning as to where the line is drawn which separates permissible activity from that which is allegedly criminal.

Plaintiff is requesting due process of my first amendment, second amendment, fourth amendment, fifth amendment, sixth amendment, seventh amendment, eighth amendment, tenth amendment, eleventh amendment, fourteenth amendment, sixteenth amendment.

Whereas the silence of public officials in the face of such abuses amounts to complicity and failure to act now will only embolden those who seek to dismantle the rule of law and divide our communities through fear.

I would like to address I have experienced Genocide, Torture. Atrocity of Crimes, Plaintiff would like to share with the courts that no one should have to experience this type of intentional pain and suffering.

President Donald Trump has allowed an investigation of my rights and filming without my consent and once I was aware of these actions, the abuse from certain individuals within the government agencies has continued.
